Colormateria

El revestimiento Colormateria sobre Sanydur permite elegir cualquier color de las cartas NCS y RAL para el producto completo. Colormateria también confiere al producto un acabado mate microtexturado muy agradable al tacto y de gran valor estético.

Colormateria coating on Sanydur allows any colour from the NCS and RAL charts to be chosen for the complete product. Colormateria also gives the product a micro-textured matt finish that is very pleasant to the touch and of high aesthetic value.

Le revêtement Colormateria sur Sanydur permet de choisir n'importe quelle couleur des nuanciers NCS et RAL pour l'ensemble du produit. Colormateria confère également au produit une finition mate microtexturée, très agréable au toucher et de grande valeur esthétique.

Sanydur

Específicamente formulado para el baño, sin poros, blanco puro, mate y suave.

Specifically formulated for the bathroom, poreless, pure white, matte and soft.

Spécifiquement formulé pour la salle de bain, sans pores, d'un blanc pur, mat et doux.

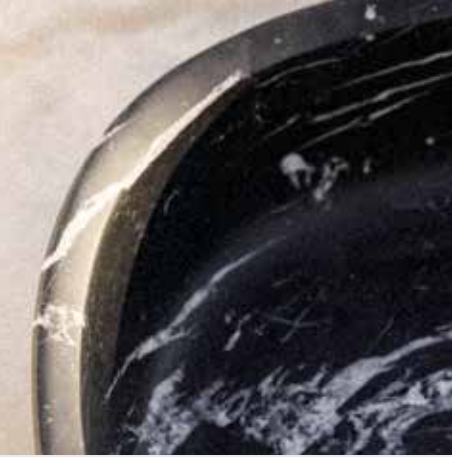

CARRARA MARBLE

PIETRA GREY

MARQUINA MARBLE

Natural Stone

Un material atemporal.
La piedra natural en estado puro, veteada, contrastada, testigo de la fuerza de la naturaleza.

Timeless material.
Natural stone in its pure state, veined, contrasted, witness to the force of nature.

Matériau intemporel.
La pierre naturelle à l'état pur, veinée, contrastée, témoin de la force de la nature.

Oak plissé

Lamas de roble macizo que abrazan tanto el lavabo como la bañera elevando su singularidad.

Solid oak slats that embrace both the washbasin and the bathtub elevating its uniqueness.

Des lattes en chêne massif qui enveloppent le lavabo et la baignoire, ce qui lui confère un caractère unique.

American Walnut

Chapa de nogal natural sobre un cuerpo de contrachapado marino.

Natural hickory veneer on a marine plywood body.

Placage en noyer naturel sur un corps en contreplaqué marin.

TIERRA

OCÉANO

LUNA

Natural Textures

Tejidos artesanales, elaborados con fibras naturales, que evocan tiempos pasados.

Handcrafted fabrics, made with natural fibers, that evoke times gone by.

Des tissus artisanaux, fabriqués à partir de fibres naturelles, qui évoquent des temps révolus.

Oasis

Acabados / Finishes / Finitions

Atelier

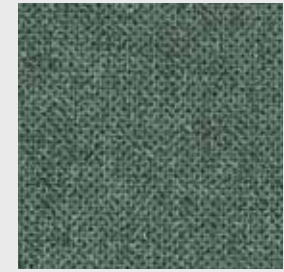

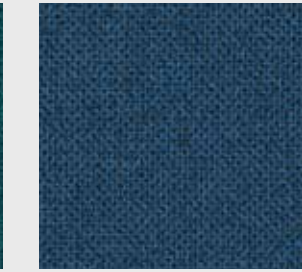

Tejidos expresivos que visten y personalizan, compuestos por un mínimo del 97% de poliéster reciclado postconsumo.

Expressive fabrics that dress and customize, composed of a minimum of 97% post-consumer recycled polyester.

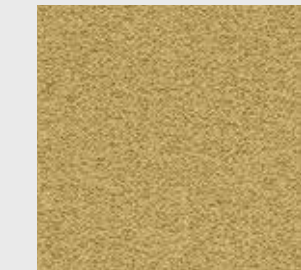

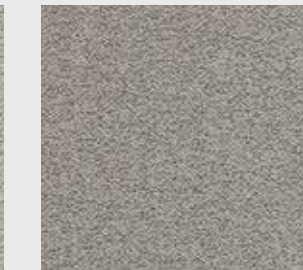

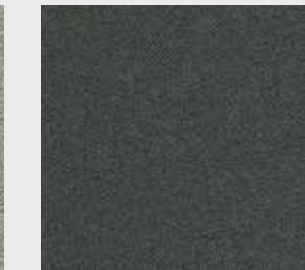

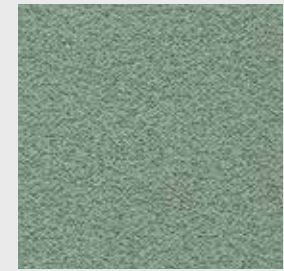

Des tissus expressifs qui habillent et personnalisent, composés d'un minimum de 97 % de polyester recyclé après consommation.

Cima

El tejido Cima está compuesto en un 98% de poliéster reciclado fabricado a partir de botellas de plástico usadas. Las botellas transparentes y sin color se trituran en pequeños copos, se funden en diminutas bolitas, se extruden en hilo y finalmente se hilan en tejido. El poliéster reciclado utilizado para Cima cuenta con la certificación GRS (Global Recycle Standard) para verificar el contenido del material reciclado y garantizar la trazabilidad. También cuenta con la etiqueta ecológica de la UE y la certificación STANDARD 100 de OEKO-TEX®.

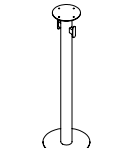

Cima fabric consists of 98% recycled polyester made from recycled plastic bottles. The clear, uncoloured bottles are shredded into small flakes, melted into tiny pellets, extruded into yarn, and finally spun into fabric. The recycled polyester used for Cima is GRS certified (Global Recycle Standard) to verify the content of the recycled material and ensure traceability. It is also EU Ecolabel and STANDARD 100 by OEKO-TEX® certified.

Le tissu Cima est composé à 98 % de polyester recyclé fabriqué à partir de bouteilles en plastique usagées. Les bouteilles transparentes et non colorées sont déchiquetées en petits flocons, fondues en minuscules granulés, extrudées en fil et enfin filées en tissu. Le polyester recyclé utilisé pour Cima est certifié GRS (Global Recycle Standard) afin de vérifier le contenu du matériau recyclé et d'en assurer la traçabilité. Il est également certifié par le label écologique de l'UE et le STANDARD 100 d'OEKO-TEX®.
